

School Age Care

School Age Care Services are licensed under the *Children and Young People Act 1999* and must comply with the ACT School Age Care Conditions for Approvals in Principle and Licences. These conditions set minimum standards in areas such as; Operating Procedures, Building & Physical Environment, Staffing, Safety Health & Hygiene Practices, Programming & Planning and Supplement for Holiday Camp. School Age Care services are designed to provide quality care and recreational activities for children who are *enrolled at and attending* primary school. Services may offer **B**efore School Care, **A**fter School Care, and/or **V**acation Care. **B**efore School Care usually operates for an hour and a half or more prior to school starting, **A**fter School Care usually operates from 3pm, or when school finishes, until 6pm and **V**acation Care offers full day programs during school holidays. A number of services may also operate during pupil free days. It is best to check with your local service to discuss operating times. **H**oliday camps where children sleep away from home operate during school holidays. The Commonwealth Government Child Care Benefit is available to most school age care services. Your service will be able to provide further information on this.

Families wishing to apply for Child Care Benefit must have their eligibility assessed by Centrelink. Further details may be obtained from your school age care service or from the **Family Assistance Office on 132 413**.
