
Therapy ACT Eligibility Criteria

General

This policy covers eligibility requirements for access to Therapy ACT services.

Criteria

To be eligible services, the following criteria must be met:

- Resident of the ACT

AND one of the following:

- Child with delays in development, aged from birth to 8 years
- Person with developmental disability, aged from birth to 65 years where the disability presents before the age of 18 years

Prioritisation

Clients who meet the eligibility criteria will be prioritised according to their need/s and the expected outcomes from receiving a service. Intervention will be focused on addressing the identified need/s.

Exclusions

Where medical or other conditions co-occur with delays in development or the developmental disability, Therapy ACT will provide services in relation to the developmental or disability issues and not the co-occurring medical condition.

Further Information / Explanation

Detailed description of the eligibility criteria is available on the eligibility fact sheet.
