

"Write on" Parents

Does your child have:

- difficulty forming letters
- illegible writing
- writing not formed on the line
- writing too large
- pain when writing

"Write on" Parents is a free, interactive 2 hour workshop for parents that will provide parents with the skills and resources to:

- identify the handwriting needs of their child
- explore the foundational skills necessary for the development of handwriting
- learn practical strategies that can be easily incorporated in everyday life
- enhance the handwriting skill development of children.

The workshop is 2 hours and for parents only. No referrals or assessments required, this workshop is open to all parents in the ACT.
